FUNDACIÓN
Camino Emaús
NIT. 900130373-4

Dear brothers and sisters in Christ:

Warm fraternal greetings, along with my wishes for peace and blessings in Christ Jesus, our Lord.

With deep gratitude to God, we are pleased to announce that July Pinzón Rodríguez is assuming the role of Executive Director of Fundacion Camino de Emaús (FCE), a responsibility she accepts as a calling to serve. Her task will be to guide and strengthen the Foundation's administrative operations, programs, and institutional framework, in faithfulness to our mission.

July has built a career marked by service and commitment within the Evangelical Lutheran Church of Colombia (IELCO). A Lutheran since childhood, she has grown in her faith and has actively participated in various areas of formation, leadership, and church service. She has served as a youth leader and has been part of the National Youth Coordination Committee, a team of which she remains a member today. She has also participated in the Ministry of Christian Formation as a teacher of children; she has received training through the Ecclesial Leadership Training Program, strengthening her knowledge of mentoring, organization, and leadership within the church.

Her commitment to institutional processes has also led her to serve on the Board of Directors of Fundacion Camino de Emaus, an experience that allowed her to gain insight into its governance and operational processes. In addition, she holds a professional degree in industrial engineering and is a specialist in Integrated QHSE Management Systems and Occupational Safety and Health, with experience in process management. This background, combined with her knowledge of the Foundation, provides a solid foundation for taking on the challenges of the Executive Director role, bringing an organizational, technical, and human perspective to the Foundation's ongoing development.

In this new role, July will support processes aimed at institutional strengthening, program management, resource administration, and coordination with congregations, work teams, partners, donors, and the people who make our mission possible. Her experience in process management, planning, and organizational compliance will contribute to the planning, monitoring, and continuous improvement of the Foundation's work, as we remain committed to building a Foundation that, through faith and service, contributes to the well-being and holistic development of Colombian communities.

We are confident that her experience, willingness to serve, and knowledge of the church will be invaluable in continuing to strengthen the work of Fundacion Camino de Emaus, especially in the areas of educational support, leadership training, and the development of initiatives that sow hope and greater mission sustainability.

We invite our congregations, collaborators, partners, donors, and friends of the Foundation to accompany July in this new phase, offering her your support—especially your prayers—so that God may guide each of her decisions and strengthen her work in service to our shared mission.

We give thanks to God for this new phase in the life of the Foundation and trust that God will continue to walk with us on the path of serving with love, responsibility, and hope.

Fraternally,

Rev. Liria Consuelo Preciado
President and Legal Representative
Camino de Emaús Foundation
